

Builders Blitz 2027

March 1-5, 2027

Real homes. Real change.

Empty lots transform into beautiful homes for local families in need—in just five days.

Built by generosity.

Builders donate their time, talent, and resources to make life-changing homeownership possible.

Big spotlight, big recognition.

Strong community engagement and major local media coverage highlighting the work.

Lasting legacy.

Families step into a new future and builders leave a lasting legacy in the community.

How It Works

Habitat Orlando & Osceola will:

- Conduct and document virtual weekly coordination meetings with Habitat and builder staff
- Coordinate permitting process, including provision of architectural plans & site engineering
- Assist builders with collecting subcontractors' Certificates of Insurance
- Provide construction team support before and throughout the event
- Complete site preparation, including lot clearing, scraping, and home stakeout
- Execute marketing initiatives, including press outreach to local media
- Maintain a daily on-site inspector presence

Builder Partners will:

- Attend weekly virtual coordination meetings
- Commit to the donation of a home build upon agreement, including signing a letter of intent
- Donate all labor, materials, and services required to construct one single-family home within five days, including foundation
- Engage subcontractors to donate necessary services and materials in accordance with Habitat Orlando & Osceola specifications
- Ensure subcontractors meet Habitat insurance requirements and collect their Certificates of Insurance for Habitat to maintain on file
- Deliver a completed single-family home with a one-year warranty

Proud Past Sponsors
