FOR IMMEDIATE RELEASE

**Mitsubishi Power volunteers build playhouses for Habitat for
Humanity Greater Orlando & Osceola County families as part of
national Impact Day**

(ORLANDO, Fla.) Sept. 24, 2026 – [Mitsubishi Power](#) joined forces with Habitat for Humanity affiliates across the country, including [Habitat for Humanity Greater Orlando & Osceola County](#), for its national Impact Day, aimed at building strength, stability and self-reliance through shelter. On Thursday, 60 Mitsubishi Power team members built and decorated three playhouses that were donated to the families of three Habitat homeowners.

The playhouses, decorated with unicorn, mermaid, and under-the-sea themes, were revealed to the children and families on Thursday afternoon. The playhouses will now provide safe and imaginative spaces for the families' youngest members to play and grow.

This effort is part of Habitat Orlando & Osceola's broader commitment to not only build houses but strengthen the foundation of home as a place where health is nurtured, education is strengthened, and opportunities are unlocked.

"At Habitat Orlando & Osceola, we know that stable, affordable housing is the foundation for thriving individuals, families, and communities," Habitat Orlando & Osceola President and CEO Catherine Steck McManus said. "And these playhouses are part of our broader commitment to not only build more affordable housing opportunities but also enhance the overall well-being and quality of life for local families. We're so grateful to partner with Mitsubishi Power to further that mission."

This event marked the third year in a row that Habitat Orlando & Osceola and Mitsubishi Power teamed up to make a difference on the company's Impact Day. Across the country, other Mitsubishi Power employees have teamed up with local Habitat for Humanity affiliates to build homes and playhouses.

"At Mitsubishi Power, we believe our responsibility goes beyond serving our customers," said Michael Suarez, Vice President of North American Manufacturing at Mitsubishi Power. "Impact Day is an opportunity for our employees to dedicate their time and talents to give back to the communities where we live and work. Through our partnership with Habitat for Humanity Great

Orlando & Osceola County, we are helping create positive experiences for families while reaffirming our commitment to making a difference in Central Florida.”

The Mitsubishi Power team will continue their commitment to Habitat Orlando & Osceola's mission next month when a group of volunteers will join the nonprofit on the build site to help construct a new home, which will be sold to a local family with an affordable mortgage.

About Habitat for Humanity Greater Orlando & Osceola County

Habitat for Humanity Greater Orlando & Osceola County is driven by a vision where everyone has an affordable place to call home, a stable foundation that fosters health, opportunity, and progress for all. Habitat Orlando & Osceola pioneers innovative housing solutions, empowers individuals through knowledge, and transforms communities by addressing the root causes of the housing crisis. Founded in 1986, Habitat Orlando & Osceola has built, rehabbed or repaired over 1,000 homes throughout Central Florida. Through home builds, repairs, housing counseling, financial education classes, and other programming, Habitat Orlando & Osceola serves more than 2,000 people each year. The nonprofit has achieved recognition as one of the 40 “top producers” out of over 900 Habitat for Humanity International affiliates working in communities throughout the United States and in more than 60 countries.
